**FOR IMMEDIATE RELEASE**

## **The new face of psychedelic R&B has arrived**

**WITH YOU** is the debut single from KC Clarke's new EP, Myriad Dreams. Written by KC and released under the exciting new label Scorpion Music Group. This latest project is independent of his group Last Night in Paris (LNIP), the indie hip-hop collective from South London.

He has an undeniable talent for writing catchy, sultry melodies. Carrying you to places where you can find magic existing simultaneously with mature emotions. His trippy, wave R&B redefines how we see vulnerability. Presenting complete authenticity that is charming, relatable, and rare for many artists of today.

The guitar riffs laced with a soft drum pulse, complement the laid-back, lover-boy mood of the track. **WITH YOU** connects listeners by reminiscing on common nostalgia, the sensations that come with feeling something or somebody, that you can't touch.

KC was raised on a south London council estate. But his dreamy tones are the epitome of contemporary romance. **WITH YOU** is the lustful introduction to a fresh UK sound we've all been waiting to hear. The single shows how talent can bridge the gap between commercial and classic sounds. Establishing KC Clarke as an artist who pushes the boundaries of UK R&B.

**WITH YOU** is out on all digital platforms now!!
